

2023 Annual Update

SU2J's Transformative Impact on Access to Civil Legal and Economic Justice in Pima County

In 2023, Step Up to Justice (SU2J) provided emergency legal services to 1318 clients and their families. With the support of SU2J volunteers, clients successfully contested wrongful evictions, challenged unlawful employment terminations, secured rightful spousal benefits and child support, obtained personal protection from abuse, safeguarded valuable property, and protected wages and assets against creditors.

SU2J also actively collaborated with schools, churches, and social service agencies to conduct proactive education aimed at preventing future legal disputes. Through live workshops and SU2J's education library – tailored to address pressing legal challenges within Southern Arizona's low-income population – volunteers reached an additional 2,000 individuals and families in 2023.

By the Numbers

Clients who accessed emergency legal services in 2023

- **1318** applicants served
- **515** legal clinics

People who accessed upstream community education resources
